**Subject: Intra-Africa Academic Mobility Scheme
Revised provisions for the processing of personal data through
EACEA Mobility Tool and Requirements for informing scholarship
candidates**

Dear coordinator,

We would like to inform you that the European Education and Culture Executive Agency (EACEA) updated its '*provisions for the processing of personal data*' in the context of the 'Intra-Africa Academic Mobility Scheme', which you can find on the following web pages:

- [Scholarship page](#) of EACEA's website,
- [EACEA Mobility Tool \(EMT\)](#)

Please take due note of the policies by which the EACEA collects, manages and uses the personal data in the context of managing mobility projects.

All candidates must be informed that if they are selected (proposed for a scholarship, put on the reserve list) their data may be used for the purposes of managing and monitoring the projects, evaluating the programmes and producing statistics. Certain data is/could be made available to the EACEA, the European Commission, the EU Delegations, as well as to other stakeholders as listed in the [Privacy Statement](#).

In order to inform duly all candidates, please ensure to provide the above privacy statement directly to the scholarship holders (students and scholars), non-scholarship holders and reserve list candidates through your intra-Africa project **website**, the **notification letters** (to both reserve and main list candidates) and the **student agreements**.

For this purpose, you will find necessary details on how to inform all candidates as well as a disclaimer on the [Beneficiaries' Space](#) of your intra-Africa project generation.

We request you to carry out the necessary updates as soon as possible, and by 30 November 2021 at the latest.

Should you have any further questions or need further assistance, please do not hesitate to liaise with your contact person at the EACEA.

Thank you for your kind cooperation.

Yours sincerely,

Yves LE LOSTECQUE
Head of Unit
